THIS MONTH'S RESIDENT SPOTLIGHT: ANNA SHUSTER

Miss Anna is 95 years young. She grew up on a small farm in Window. She has lots of wonderful memories of her childhood, from babysitting the younger children to flicking potato bugs in the garden. Growing up in the "Stix" as she says she spent a lot of time outdoors enjoying nature. In school Ann played guitar in band and loved that time of her life. She would play with the band and sing on the radio some Sunday mornings. A favorite memory is playing for the square dances. She had a lot of fun and loved to play the "hillbilly music". Ann met her late husband Cortland in school and they moved to New Bethlehem after they got married. They raised 5 wonderful children and were blessed with many grandchildren and great grandchildren. Ann worked at the Sylvania Plant in Brookville for over 12 years. She enjoyed her time there and has very fond memories of her employer and coworkers. "It was a good job and they treated you good", she said. Ann Now spends her time relaxing and watching the birds, or going for walks. When the weather is nice Ann likes to sit on the porch and watch the deer in the field.

April Showers Bring May Flowers

The saying is that April showers bring May flowers. If that is true, then there will be plenty of beautiful flowers for us to enjoy this month. May is the third and last month of the season of spring. The birthstone of May, the emerald, symbolizes success and love.

The residents at Edgewood Heights would like to thank everyone for their love and support this winter. It has been a different time and difficult time, but we made it. We are looking forward to Summer picnics and spending time with our families, as soon as we allowed and are able to.

May is named after the Greek goddess Maia who looked after plants. We celebrate our mothers this month who looked after us and nurtured us.

Happy Mothers Day to all!
