APRIL 2021

WE REJOICE & CELEBRATE LIFE!

April is a great month, lots to celebrate and lots of reasons to laugh. From Aprils fool's day to Easter Sunday, to seeing flowers bloom. There is always something to look forward to. Aprils fool's day is a time for jokes and laughs, a time to rejoice in life and enjoy the spring.

Many Christians celebrate Easter Sunday as the day of Jesus Christ's resurrection. The name Easter is believed to come from Ostara, the goddess of rebirth and in early times the Feast of Ostara celebrated earth's resurrection and rebirth. April shows us that after the snow, comes the sunshine.

The month of April has many different forms of significance for all walks of life, but we can all agree that April brings joyous thoughts of hope for the future.

Just as she was celebrating her 80th birthday, our friend received a jury-duty notice. She called the clerk's office to remind them that she was exempt because of her age.

"You need to come in and fill out the exemption forms," the clerk said.

"But I filled them out last year," she replied.

"You have to fill them out every year."

"Why? Do you think I'm getting younger?"
