

## Visitation Guidelines (Continued)

8. Visitors must not consume food or fluids while visiting as this requires mask removal.
9. Visitors must perform hand hygiene at designated area prior to moving to visitation areas.
10. If the resident being visited is fully vaccinated they can choose to have close contact (touching, hugging) with their visitor while wearing a properly fitted mask and performing hand hygiene before and after.
11. Residents under transmission based precautions are not permitted to have visitors, unless virtual.
12. Visitors are not required to test prior to visitation, but testing may be offered by facility.
13. Visitors are not required to provide proof of vaccine as a condition of visitation.
14. WRC reserves the right to refuse visitors who do not comply and follow the guidelines
15. WRC reserves the right to change visitation based on outbreak, suspected or confirmed.

## WRC Visitation Guidelines

The following guidelines are outlined for visitation across the WRC continuum, and are in place to allow visitation of loved ones at WRC communities. Please know that strict adherence to these guidelines must be followed.

Visitation is by appointment only .

Visitation accountability Includes:

Please arrive at appointment time or wait in car until time for appointment, no gathering areas will be available.

## Visitation Guidelines (Continued)

1. Outdoor Visitation is preferred and will be offered, this poses lower risk and transmission of COVID virus due to increased air flow and space. Visits should be outdoors weather and condition of resident health status permit.
2. Indoor Visitation is permitted for all residents unless:
  - a. Resident is unvaccinated and the county positivity rate is  $>10\%$  and  $<70\%$  of residents in facility are vaccinated fully.
  - b. Resident with confirmed infection has met the criteria to discontinue Transmission Based Precautions OR resident is in quarantine, whether vaccinated or unvaccinated, until they have met criteria for release from quarantine.
3. Indoor Visitation will be in a designated space at each community, or resident room, pending each unique circumstance.
4. Visitors are limited to 2 visitors per resident at any given time.
5. Visitors **must** participate in screening questions and temperature checks at designated location, per community. Any visitor that screens out will not be permitted to visit. Truthfulness is essential and mandatory.
6. Visiting hours will vary by each WRC community.
7. Visitors must wear face mask, practice hand hygiene, and maintain a safe social distance at least 6 feet between themselves and any employees or other residents that they encounter while visiting, and must remain in that space at all times.
